

HIMSOLS | CLIMATE IMPACT, MEASURED.

CSR That You Can Actually Prove.

Verified tree plantations in Himachal Pradesh.
Geo-tagged proof. 3-year survival tracking. Audit-ready reports.

Prepared for Schools, Hotels, Corporates & Government Partners

The CSR Credibility Gap

Why most plantation CSR programs fail to satisfy auditors

- 65% of CSR plantations have no survival data after Year 1
- No geo-tagged proof — boards reject vague impact claims
- Greenwashing risk: unverified CO2 numbers in ESG reports
- No farmer livelihood linkage — pure cost, zero rural impact
- Reporting in English only — not auditable for state CSR boards

Result: Boards spend crores. Auditors flag it. Impact stays invisible.

Himsols solves this with proof-first plantation infrastructure.

The Himsols Solution

Scrap -> Wallet -> Plant. Verified. Bilingual. Audit-ready.

A full-stack climate platform built for institutional accountability:

- Geo-tagged photographs of every planted tree (lat/long stamped)
- 3-year survival tracking with farmer payouts (Rs. 120 incentive model)
- Real-time CSR dashboards — exportable for ESG & Schedule VII reports
- Bilingual documentation (English + Hindi) — state CSR board ready
- Multi-state scalable: starting in Himachal, expanding pan-India
- Conservative CO2 estimates (~22 kg/tree/year) — no greenwashing

For Schools & Universities

Build the next generation of climate leaders

Hands-on environmental curriculum tied to verified plantation drives. Geo-tagged proof that strengthens accreditation reports (NAAC, NBA, IB). Engages students beyond classroom theory.

What's Included:

- Annual Green Campus Certification with audit trail
- Eco-club activity kits, teacher training, field visits
- Per-student carbon footprint tracking dashboard
- Plantation drives during Earth Day, World Env Day

Starts at Rs. 25,000 (100 trees + curriculum kit)

For Hotels & Hospitality

Offset guest footprint. Stand out as a green property.

Per-stay carbon offset packages. In-room QR codes for guests to plant a tree. A verified green badge to display on Booking.com, MakeMyTrip, and your own marketing.

What's Included:

- Plant-a-tree-per-booking automated program
- Branded guest impact certificates (auto-emailed)
- Sustainability badge + co-branded marketing assets
- Quarterly offset report for property-level ESG

Starts at Rs. 50/booking offset bundle

For Corporates & MNCs

Section 135 CSR compliance, made measurable.

Audit-ready CSR programs aligned to Schedule VII (item iv - environmental sustainability).
Geo-tagged proof, 3-year survival tracking, employee plantation events, and quarterly ESG-grade dashboards.

What's Included:

- Schedule VII compliant documentation pack
- Employee engagement plantation drives & team-building
- Custom-branded carbon offset dashboard (white-label)
- Annual impact report for board & ESG disclosures

Programs from Rs. 5 Lakh to Rs. 5 Crore+

For Government & PSUs

Scalable village-level green infrastructure.

End-to-end execution support for state afforestation targets. MGNREGA convergence opportunities. Panchayat-level impact reporting with bilingual audit documentation.

What's Included:

- Village adoption with farmer livelihood model
- Bilingual reports (English + Hindi) for state boards
- Multi-state scalable infrastructure ready
- Convergence with rural employment & women SHG programs

Custom MoU pricing — bulk village programs

Proof in Numbers

What every Himsols partner gets

100%

Geo-tagged plantation proof

3 yrs

Survival tracking per tree

~22 kg

CO2 sequestered per tree per year (estimate)

Rs. 120

Survival incentive paid to farmers

2 langs

Bilingual reporting (EN + HI)

Quarterly

Audit-grade impact dashboards

How a Partnership Works

From inquiry to impact in 4 steps

1

Discovery Call

We map your CSR mandate, ESG goals, and reporting needs.

2

Custom Proposal

Tailored program: tree count, locations, timeline, deliverables.

3

On-Ground Execution

Plantation drives with farmer partners. Geo-tagged proof captured.

4

Ongoing Reporting

Quarterly dashboards, survival data, audit-ready impact reports.

Let's Build Your Green Legacy. Together.

Schedule a 30-min discovery call. Get a tailored proposal within 48 hours.
